PROJECTS:

Medieval Dreams

Directed and conceptualized a short 3D Animation, and also modeled, textured, the characters and backgrounds using Alias Maya 7. The short is about a young girl dreaming about being in prison while a white knight tries to save her against a dark magician that turns into a dragon.

Nuevo Kalye Exhibit

Helped in the conceptualizing and designing of the exhibit, and provided some 3D artworks that will be posted in the exhibit. The Exhibits concept is to show how the members of our group differently see the streets today by translating it to works that best suits our perspectives.

"Child Labor" Public Service Announcement

Directed, and Edited a Public Service Announcement using Adobe After Effects and Adobe Premiere. This is a 30 second PSA about a child who was taken away his freedom to enjoy a normal childhood life to work in order to survive his daily life.

Dreams

Painted some frames in a 2D animation commercial called "Dreams" using OPUS Stage. The commercial is about promoting the Philippines good points like tourist spots, animals, and festivals in order to increase the tourist here in the Philippines.

FREE LANCE PROJECTS:

"Butterfly" Freelance Editing

Created the Butterflies effects and edited the film for a short ad made by students using Adobe After Effects and Adobe Premiere. The advertisement is about a man who followed the butterflies out of curiosity, he then find himself on a river with girls doing their laundries using "SURF" surrounded by Butterflies.
